Guthrie Gathering Nearly  
20,000 By Actual  
Count.

### MANY FINE SPEECHES.

Stanley's Fervid Eloquence  
Sets Crowd Wild With  
Enthusiasm.

The first anniversary of the Dark Tobacco Grower's protective Association was held at Guthrie Saturday and the attendance went far beyond the most liberal expectations. Amid enthusiasm, the officers were elected for the ensuing year. There were at least 20,000 visitors in the town, of which number between 15,000 and 18,000 attended the barbecue, business session and public jollification at the Fair Grounds. Among those who spoke were Hon. Jos. E. Washington, Congressman J. W. Gaines of Tennessee and A. O. Stanley of Kentucky. Joel B. Fort, C. P. Warfield, John B. Allen, John E. Garner, T. J. Barrett, of the American Society of Equity, and others.

The parade formed about 10 o'clock with the head resting at Ewing and Front streets, the neighboring side streets being filled with marchers. At 10.30 o'clock the march to the parade grounds started. The parade was headed by Chief Marshal George Snaden and Assistant Marshals Dr. J. W. White of Nashville, and Tom Williams, of Springfield. Eight mounted aides kept the line in order. Behind the Marshal and his escort came the "Black Patch Banner," a large standard which required three men to carry it. The upper portion of the banner contained a crescent with the words "Black Patch" inscribed on it. In the upper corner of

**THE GREAT REGATTA**

BY MAX ADLER.

It seems to me that the newspapers make a mistake in not reporting more fully the facts about the canal boat regatta upon the Scuykill canal on the 8th of June. Three boats entered for the race, which was for a new half-inch Russia hemp towline. They were the Roaring Maria, of Mansyung-Schenck, captain; the Reveler, of Conshohocken; the Brown Captain, and La Sylphide, of Pottstown. Capt. Hicks, the leader upon the Roaring Maria's team was a cream-colored mule, recently imported from Idaho; the Reveler's team was a brown mule and La Sylphide was tied against heavily, because Capt. Hicks tied her up for three second-hand omnibus horses, one of which had the heaves. The start was made at 9:30 a.m., with La Sylphide in the lead, in consequence of the defective nature of the wind of the leading omnibus horse, and because good judges generally regarded the blind horse as a standard rule. The Roaring Maria came second, "a false start" was made, owing to the cream-colored mule from the west having obtained an enormous impetus that the course ran due south. The boy who was driving him had great difficulty in convincing him that the route ran directly north, and during the controversy the animal kicked Mr. Duglinton, of Pottstown, one of the judges, in the stomach with such violence that Mr. Duglinton, who was on the boat, was thrown overboard, and the boat was carried home on the lid of La Sylphide's mizen hatch. But a moment later the racers got off, Capt. Hicks' horse going into action in fine style, although the view retarded that the two front horses were pulling the glendower in addition to the boat. La Sylphide walked the water like a thing of life, her legs making one kind an hour as her speed. The force driven displayed by Capt. Hicks in his superb management of the helm was universally remarked, and the betting began to be rather more favorable to him.

The Roaring Maria, however, kept well up, and it seemed likely that if Capt. Schenck could command breath enough to continue to steer at the boy, and the boy's lungs would hold out so that he would not be compelled to diminish the velocity of the epithets that he was hurling at the mule, the Roaring Maria would hold her own.

The Conshohocken Reveler did magnificently upon her first spurt, but about 500 yards further on, her towline snapped, and the boat sheered away against the bank. When Capt. Brown had pushed her off with a scantling, and expressed his feelings in the most violent adjectives that he could think of, the rope was tied; and it was hard to make up the lost ground, especially as the blind mule of the team got his legs over the swimmer, and was partly into their every time the leaders gave a jerk.

At the end of the first quarter it was reported that La Sylphide's last horse was beginning to fall to pieces; but Capt. Hicks sent his brother ahead, and he affixed to the animal's tail an adjustable gunpowder detonator, warranted to give six explosions a minute. This seemed to give the horse new life, for he pulled till the rope was taut as a piano string.

But the Roaring Maria was gaining—that was clear; and Capt. Schenck's friends were beginning to offer odds, when the cream-colored mule suddenly stopped, and kicked the boy carefully over the bank into the canal. While Capt. Schenck was hauling the boy out with a boathook, the mule was struck by the thought that he might perhaps win the race by taking a short cut overland, so he bolted up the hill, with the evident intention to run the Roaring Maria across Belcher's apple orchard, through Hottel's, and around by the turnpike.

While things were at a standstill, the Reveler came booming along, and her bow went into the Roaring Maria's rudder, knocking it into kindling wood. At the same time the Reveler's mule got tangled in the Roaring Maria's towline, and as soon as the cream-colored mule abandoned the orchard route and started downhill like a rocket, the Reveler's team was dragged into the canal. Capt. Schenck then proceeded to give his views at length, and in detail, concerning Capt. Brown's ancestry, his relations, his seamanship and his sense. A moment later they clinched, and the towpath was covered with an assemblage of captains, towlines, boys, mules and miscellaneous effects. Capt. Schenck had just got on top of Capt. Brown and was about to argue with him, and to show him where he was wrong, and to bite his nose, when news came that La Sylphide had reached the stake boat, and won.

This settled the matter, excepting that two of the judges refused to award the prize on the plea that the use of the adjustable gunpowder detonator on the swiftness of the mule's team counted as foul.

The value of these aquatic sports as a means of developing the capacities of a maritime nation like ours, is inestimable—N. Y. Weekly.

Hereofers in the Harvest.

The great wheat harvest in Kansas is on and the rush of the "Herefords" Kansasward has begun. The term "Herefords" has been bestowed by Kansas upon the white-faced men from the cities who throng to the harvest fairs at this time of the year, and it will require no diagram to make clear the aptness of the appellation.

**HIS OLD SWEETHEART**

Taken to the Penitentiary By West Virginia Man.

Parkersburg, W. Va., Sept. 20.—The trying ordeal of taking to prison his former sweetheart has fallen to the lot of Guard H. F. Williams, of the Moundsville penitentiary. This evening at Grantsville he will remove from the Calhoun county jail Mrs. Gene Blackshire, convicted of complicity in the murder of her husband, Henry Blackshire, six months ago. She will be brought back to this city by Williams and placed in the Wood county jail before being taken to the penitentiary, where she is sentenced to serve three years.

When Williams entered the jail at Brantsville and saw the woman for the first time since she refused him her hand in marriage and told him that she loved "Henry better and will marry him," she fell back in her chair, and said:

"My God, it is you who are sent to see me in disgrace. Why could they not have sent someone else?"

Mrs. Blackshire is on the verge of physical collapse, and at frequent intervals she weeps. It is a sad sight to see her in the company of her husband, and later shot to death by the hired assassins, who are now serving life sentences for the crime. The woman's sentence is generally recognized as right, in view of the crime.

**HOLLAND CASE**

Set For Trial At Benton Next Thursday.

The trial of Sheriff Walter Holland of Murray, for killing Hardy Keys, is set for September 28, at Benton Marshall county, a new trial having been granted him at the last term of court.

Mr. Holland was tried at the last term of court at Benton and given five years in the penitentiary. Special Judge Eli Brown granted Holland a new trial. On account of the prominence of persons concerned the case has attracted much interest. A change of venue was granted and the case removed to Marshall county says the Paducah News Democrat.

Attorneys for the defendant Holland have filed a motion for the return of the case to Calloway county, setting forth as a reason that it was entirely unnecessary to remove the case from that county, and that there was nothing to deter the jury in Calloway county in doing its duty in the case, besides being an injustice to him and putting him to unnecessary expense and inconvenience, and that its removal by the commonwealth was unprecedented in the state.

James Coleman, of Murray, John K. Hendrick of Paducah, and James B. Garnett of Cadiz, are counsel for Holland, and Judge William M. Keed of Paducah and Sam Croesman of Mayfield, represent the prosecution.

**The Colonel's Waterloo.**

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead of these complaints, and, although I tried my family doctor, he did me no good, so I got a 50c bottle of your great Elixir Bitters, which cured me. In consideration the best medicine on earth, and thank God who gave it the kidney trouble to make them." "Sold and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, by R. C. Hardwick, druggist, at 50c a bottle."

The Republicans of Carter and Elliott counties have nominated Rev. Jno. E. Thornberry, a Baptist preacher, for representative. The district is largely Republican.

The gate receipts of the State Fair at Lexington were attached for debts incurred at Owensboro in 1903, mostly printing bills. At Owensboro there was a loss of \$12,000, which the local guarantors refused to pay and suit against them is now pending. The fair this year cleared \$10,000.

Kentucky's first practical demonstration train, which will furnish farmers with the latest scientific discoveries in the growing of alfalfa and corn, left Louisville yesterday morning. ## FAREWELL TO DR. SOUTHCATE.

Surprise Union Service Held at Baptist Church Sunday Night.

### STANDING ROOM ONLY

All of the Local Pastors Took Part in the Meeting in His Honor.

Perhaps the largest gathering of Christians and people generally ever assembled in a church in this city, was at the union meeting held in the Baptist church last Sunday night. The services were to begin at 7:30, but at fifteen minutes past seven o'clock the seats in the audience room and Sunday school room were filled and chairs and everything that could be used as seats had to be brought in for the crowd that kept pouring in for at least ten minutes after the services had begun. And still all the people could not be accommodated. Even all standing room was taken while many were standing around the doors and windows and hundreds who could not get inside had to return to their homes.

The occasion was a special service to do honor to Dr. E. L. Southgate, who, for the past four years, has so faithfully and helpfully served the congregation of the Methodist church, and acted as presiding officer of the Ministerial Association of Hopkinsville.

Dr. F. G. F. of the Ninth Presbyterian church, presided; Rev. E. H. Bull, of the First Presbyterian church, invoked the divine blessing; Rev. Geo. C. Abbott, of the Episcopal church, read the Scriptures and Dr. C. H. Nash, of the Baptist church, made the opening prayer. Rev. H. D. Smith, of the Christian church, on behalf of the ministers of the city, spoke in highest terms of Dr. Southgate as a faithful servant of the Lord—serving his people with a faithfulness worthy the emulation of all pastors. In a happy manner he referred to the universal esteem in which Dr. Southgate was held by his brethren in the ministry, the members of all churches and those who have no church connection—going as he did into all homes when sympathy and consolation was needed, in his gentle and loving way he had won the hearts of all who have met him in the past four years of his ministry. Mr. Smith very touchingly referred to Dr. Southgate's being called to another field—where, the Doctor no one knows—and assured him that pastors and people will always hold him in loving remembrance. Dr. Southgate's remarks were of that deep, heart-reaching and loving character peculiar to him. He parts from us with deepest regret, and though it severs many a loving tie he is ready to go where the Master calls. He considers the preaching of the Gospel and ministering to troubled hearts his paramount duty in this life, and though he goes from us with sorrow in his heart he stands ready to take up the work of the Master where he may be sent. The Doctor was very much affected at the public manifestation of the regard in which our people hold him and brought forth tears from many of his hearers.

The musical features of the evening were highly enjoyed. This consisted of a finely rendered organ voluntary by Mrs. J. H. Anderson, vocal solo by Miss Nell Donaldson, violin duet by Misses Gary and Anderson and a vocal solo by Miss Mattie Duke. The services were concluded with prayer and benediction by Dr. J. L. Wyatt.

### GIRLS AT MACHINES.

Stenographers Take Places of Striking Printers.

Chicago, Sept. 21. The experiments in the shops of the Chicago Typothetae since the printers' strike began promise a new field of industry for girl stenographers. From the typewriter keyboard to that of a big typesetting machine the employers say, is only a short move. So successful have the young women proved as "operators" in the large printing houses that the proprietors are seeking for more of them.

The Typothetae yesterday decided to advertise for 100 girls for machine work to take the places of striking printers. At present 225 girls are acting as strike breakers.

### MORE ATTRACTIONS.

Collection of Wild Animals Trained to Perform.

The Great Parker Amusement Company carries, without exception, the largest trained wild animal show in the carnival business, and unlike all other shows of like nature, the animals are made to perform in a large steel arena, thirty feet in diameter. Among the collection of wild animals trained to perform,

"FATIMA" THE DANCING BEAR.

are a group of full grown forest bred, African lions, and Siberian bear hounds, introduced in the arena by the Princess, LaBelle Salina, who, during her recent engagement at the Hippodrome, Paris, France, with Mr. Frank Bostock, was presented by King Edward, and in spite of the fact that the Princess carries more scars, as a result of thrilling encounters with the sharp teeth and claws of her pets, she continues in her hazardous profession and takes pride in demonstrating the limits to which human intelligence, and indomitable will may be carried in subduing and controlling the brute creation. "Fatima," the dancing bear, is also a star feature of the animal arena, and is said to present the "dance that made the Midway famous" with the grace and ease of an oriental.

Looping the Loop in a hollow ball, together with many other high salaried acts is presented in the Roman Coliseum twice daily and bids fair to spread excitement and interest throughout the city as only this great feature can do.

Among the other tented attractions carried by the Parker Co. are Crystal Palace, or world in glass; The Temple of Music, Hindoo Mystery, Dog and Pony Circus, The Girl From Athens, Great Train Robbery, Electric Theatre, Mutoception, Laughing Palace and a number of others. Throughout the entire "Pike" everything is conducted on a moral and educational plan. Gentlemenly

guides and courteous attendants always on hand, and it is no idle boast to say that any lady in the city, under circumstances, can attend Mr. Parker's tented palace at any time, unaccompanied by a gentleman escort, with all propriety. Employees of the Company are neatly uniformed, and any inattention to patrons on their part, will be rewarded with prompt dismissal if reported to the management, at their general offices on the ground. This great show will be given under the auspices of the National Fraternal Union, Council No. 8, of Hopkinsville, Ky., beginning next Monday morning and continuing all the week, night and day. Don't forget the date, Oct. 2nd to 7th.

## When The Kidneys Are

## Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of the most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak out of order, you cannot understand how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin by treating the kidney remedy, Dr. Klinger's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Klinger's Swamp-Root, the great kidney medicine, is soon realized. It cures the highest for its wonderful cures.

The most distressing cases, and is sold in all drug stores in fifty-cent and one-dollar size bottles. You may have a sample bottle. *Box of Swamp-Root* by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Klinger & Co., Birmingham, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Klinger's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

## BLACKS PACH'S MONSTER RALLY.

(Continued from First Page.)

The banner was a tobacco plant, and from the lower side of the crescent to the bottom the banner was divided into stripes, each indicative of one of the counties in the fight.

## Lengthy Parade.

Following the banner came the carriage of chairman of the Executive Committee Felix G. Ewing, in which rode with Mr. Ewing, C. E. Barker, Vice President of the association and one or two other gentlemen. In the next carriage rode Congressman Gaines and Stanley.

Other speakers followed Mr. Gaines and Mr. Stanley. Behind them came the Todd County delegation, headed by the Elkton band. The standard of the association was a tobacco stalk, which was grown near Elkton, and reached the unusual height of nine and one-half feet. It bore a placard, "Reaching for higher prices." Every man in the delegation wore a large ribbon inscribed "Todd County Stands Pat." They marched five abreast, and there were almost 400 men in line.

This delegation, as did all the others in fact, carried numerous banners. Among the banners were ones bearing as inscriptions: "Todd County Never Flickers," "Beware of the 'But' of the Butters."

"Todd County Follows Where Ewing and Reynolds lead; Cut the Acres." "Todd County's George Knocks Them into Flta." The largest banner contained the inscription:

Our Field Artillery, Ewing, Washington, Stanley, Snaden, Gaines, Allen, Fort, Garner and Laffoon.

The Christian county delegation, containing 325 men, followed, headed by the First Regiment U. R. K. P. Band, of Nashville. The band went to Hopkinsville Friday night and came down on a special with the delegation. There were a great many women in this delegation, which was followed by several pleasure wagons containing young women in holiday dress.

## Many Banners Carried.

The Woodmen of the World Band, of Franklin, Ky., headed the 250 men from Simpson county. Behind them marched some 400 men from Chestnut county. Among the banners carried was one stating, "We will allow the colored man to put his tobacco in the association; he likes sugar in his coffee."

"Ninety-five per cent. of the present crop already pledged," was another of the banners carried.

Logan county, Ky., had 450 men in line, headed by the Russellville military band, immediately behind which was carried the banner bearing the inscription: "We will follow Ewing to victory or death. We belong to George Jackson and are out to bust the trust."

The Clarksville and Montgomery county delegation followed. This was composed of probably 500 tobacco men, and a delegation from the Chamber of Commerce increased the number to 600. The delegation was headed by Chairman Prince, and the principal banner was inscribed: "The harder the Trust fights the stronger we get."

The Robertson county delegation, numbering about 700 was headed by Hon. Jos. E. Washington and was preceded by the Red Men's Band, of Nashville. Like the Montgomery delegation, all did not take part in the parade. Over 1,500 were present from Robertson, at Springfield alone over 480 tickets having been actually purchased from the agent for the morning train, while many others went up Friday night. The Adams delegation rode in several large log wagons, one of which bore the legend "The Bank of Adams advanced the association \$50,000."

## The Negroes in Line.

The negro delegation, in which were over 400 men followed behind. They were headed by Marshal M. B. Thompson, principal of a negro school at Sadlersville. The Allensville, Ky., colored band supplied the music for this division.

Behind the negro division there were 300 or 400 vehicles of all kinds strung along, every type from a buggy to a pleasure wagon being represented. A great number of pedestrians also followed in the wake of the parade.

A count was kept at the gate up to 13,000 when the tally was lost. Several thousand came afterwards. It is certain that between 15,000 and

Royal is the greatest of bake-day helps.

ROYAL BAKING POWDER CO., NEW YORK.

13,000 persons were inside the grounds, and those who remained in the town stated the absence of the others was hardly noted.

After the parades entered the track inclosures they disbanded.

## The Proceedings.

The proceedings were opened by L. Summer, of Steward County, who offered a short prayer, asking the guidance of the Almighty for the growers of the black patch in the fight against the trust.

The illness of Charles Fort, Chairman of the association, was announced by Vice President C. E. Barker.

On behalf of Guthrie, M. Edward Webb delivered the welcome address. Mr. Barker then called for the first business, the election of officers for the ensuing year.

President C. H. Fort was unanimously re-elected. Vice President Charles Barker was re-elected as unanimously as Mr. Fort had been.

"Ladies and gentlemen," announced Mr. Barker, "the next office to be filled is that of Chairman of the Executive Committee."

## Ovation For Felix Ewing.

At this the crowd went wild. For several minutes the cheering continued and during the lulls there were cries of "Ewing."

Mr. Ewing finally took the stand and addressed the crowd. A bouquet was handed him and he briefly expressed his thanks and appreciation.

"The work is not over," he said. "It will never be over. It will last as long as we live. Designing men will see opportunities to rob us of the fruits of our labor, and we will have to fight to the end. One thing that has pleased me is the conservatism that has characterized the members of our association."

Mr. Ewing was declared unanimously re-elected.

Frank Walton was unanimously re-elected Secretary and Treasurer.

This completed the regular order of business.

Speeches then followed for several hours. One of the best speeches was by the young Congressman from this district.

## Congressman Stanley.

Congressman Stanley roused his auditors to a high pitch of enthusiasm. He said that it was just as reasonable to ask the Apostle Paul why he didn't preach a better religion, as to ask why Mr. Ewing hadn't obtained better prices. The only objection that could be raised against Mr. Ewing was that his accounts were kept not kept straight. The book he kept showed no receipts whatever, yet he had managed to spend over \$5,000, and had not charged it up against the association.

Mr. Stanley flayed the trust in a style that pleased his auditors. "I wish," he said, "that I had a trumpet voice that could be heard around the world when I talk about the trusts and talk about the damnation of the gang that has been robbing you for twenty years."

He complimented the farmers on sticking together, and reminded them that in 1903 the best grades of tobacco sold for 4 cents and less, and that the trash of last year has been sold by the association for 5½ cents, and the best grades were expected to bring from 9½ to 11 cents within the next few weeks.

The question of headquarters remains as at present. Guthrie is the nominal headquarters, with the larger cities as storage centers and Hopkinsville in the same advantageous position as to the purchasing headquarters that it now occupies. The affairs of the Association are in fine condition. There should be no rivalries or jealousies to disturb its harmony. There is work enough for us all and the final victory will bring glory enough for every friend of the cause.

## DR. SOUTHGATE

## Held Last Meeting at Church Sunday Morning.

Last Sunday will be long remembered by the Methodists. It was a day of both sadness and joy. Dr. Southgate did not preach a sermon, but told his people farewell, bidding them to be faithful to their vows, to serve the Lord and meet him in the great congregation above. His remarks were the cause of weeping all over the house and sadness for a while brooded over the entire assemblage. The retiring pastor's heart was made glad by fifteen persons uniting with the church which he loves so well and from which he was just parting. The Lord's supper was administered during the morning services, and we are told that there were far more participants than on any similar occasion.

### AMUSEMENT COLUMN.

**Gus Sun's Minstrels, And  
Other Good Shows  
Coming.**

The Gus Sun American Minstrels which will appear at the Opera House here Wednesday night, Sept. 27, is composed of thirty-five people this season, and is said to be not only the best minstrel organization that has appeared here, but is now among the best on the road. The scenic offering in the first part this season is entitled, "A City of Splendor," which represents a city at night illuminated with its myriads of electric lights, moon and star effects. The picture is so nearly drawn to life that the audience almost forgets that they are in a theatre and imagine themselves on the principal street of some foreign city. The singing, both ballad and chorus work, is better than ever before, and each comedian has a large number of laugh producers. This superb first part is followed by the strongest olio, or second part, ever carried by this company. We mention Chas. W. Milton, monologue artist; Crawford and Finning, musical artists; Brothers Spaulding, Parisian acrobats, only act of its kind in the world; the great Kyler, cycle high wire act; Elliott and West, singers and dancers; Bragdon Brothers, operatic singers. The parade this year is away from the beaten path and one that will appeal to every onlooker. Seats on sale at the usual place.

#### "World in Motion."

The entertainment afforded by the Fiske-Stock Company at the Opera House Sept. 28 and 30, when "The World in Motion" is presented, is something that marks an innovation in the amusement line. The program is a mixture of all that is good and should prove a good drawing card. A good mixture of any kind is never hard to take and for that reason his offering should meet with excellent results. "The World in Motion" presents a series of moving pictures selected from every quarter of the globe. Of course the local pictures, the taking of which aroused so much interest a few days ago, will be a big factor in the program, but in addition to all this the management offers Miss Grace Gilmore Hamilton, lyceum entertainer, a reader of great note. Miss Lulu Konuri, soprano soloist, C. W. Mullen, pianist, and T. V. Stock's big Parisian novelty, LaProtea. Altogether the program is a splendid one and with the exception of the local pictures, will be changed at every performance.

#### "The County Chairman."

After 118 performances in Chicago, 350 in New York, 50 in Philadelphia, and the same in Boston, George Ade's great American comedy drama: "The County Chairman" will be offered at Holland's Opera House on Oct. 2. Mr. Ade long ago established himself as the foremost humorist of the day and in "The County Chairman" he puts himself in the front rank of dramatists. "The County Chairman" has been given a most elaborate production by Henry W. Savage.

The four acts take place in the village of Antioch, somewhere in the middle west. The first act shows the exterior of a typical crowd of loungers. The next act pictures the grove near the town where the big political rally takes place. To this scene every device of up-to-date stage management has been brought

to bear and the picture of fresh young children in their lawn dresses and bearing the coat of arms of the different states together with the al fresco setting in this act has earned for "The County Chairman" the title of pictorial comedy. Over 100 take part in this act. The law offices of Jim Hackler are the scene of the third act and it is there that the big scene of the comedy takes place. The town hall is shown in the last act and the scene is replete with life and color. The returns for the two candidates are coming in and the scene is brilliant with color and vibrant with interest.
